🧩 EMPATHY MAP CANVAS

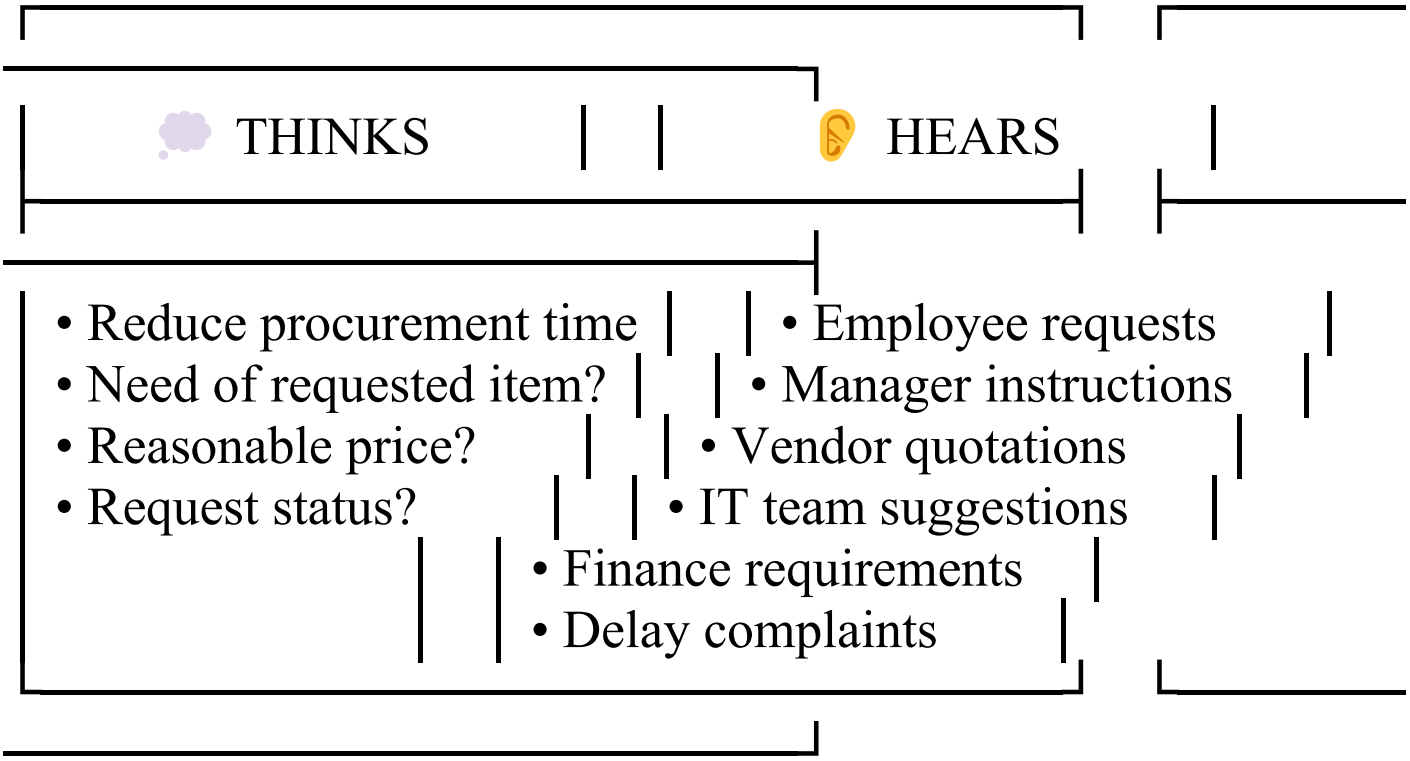

Streamlining IT Procurement System

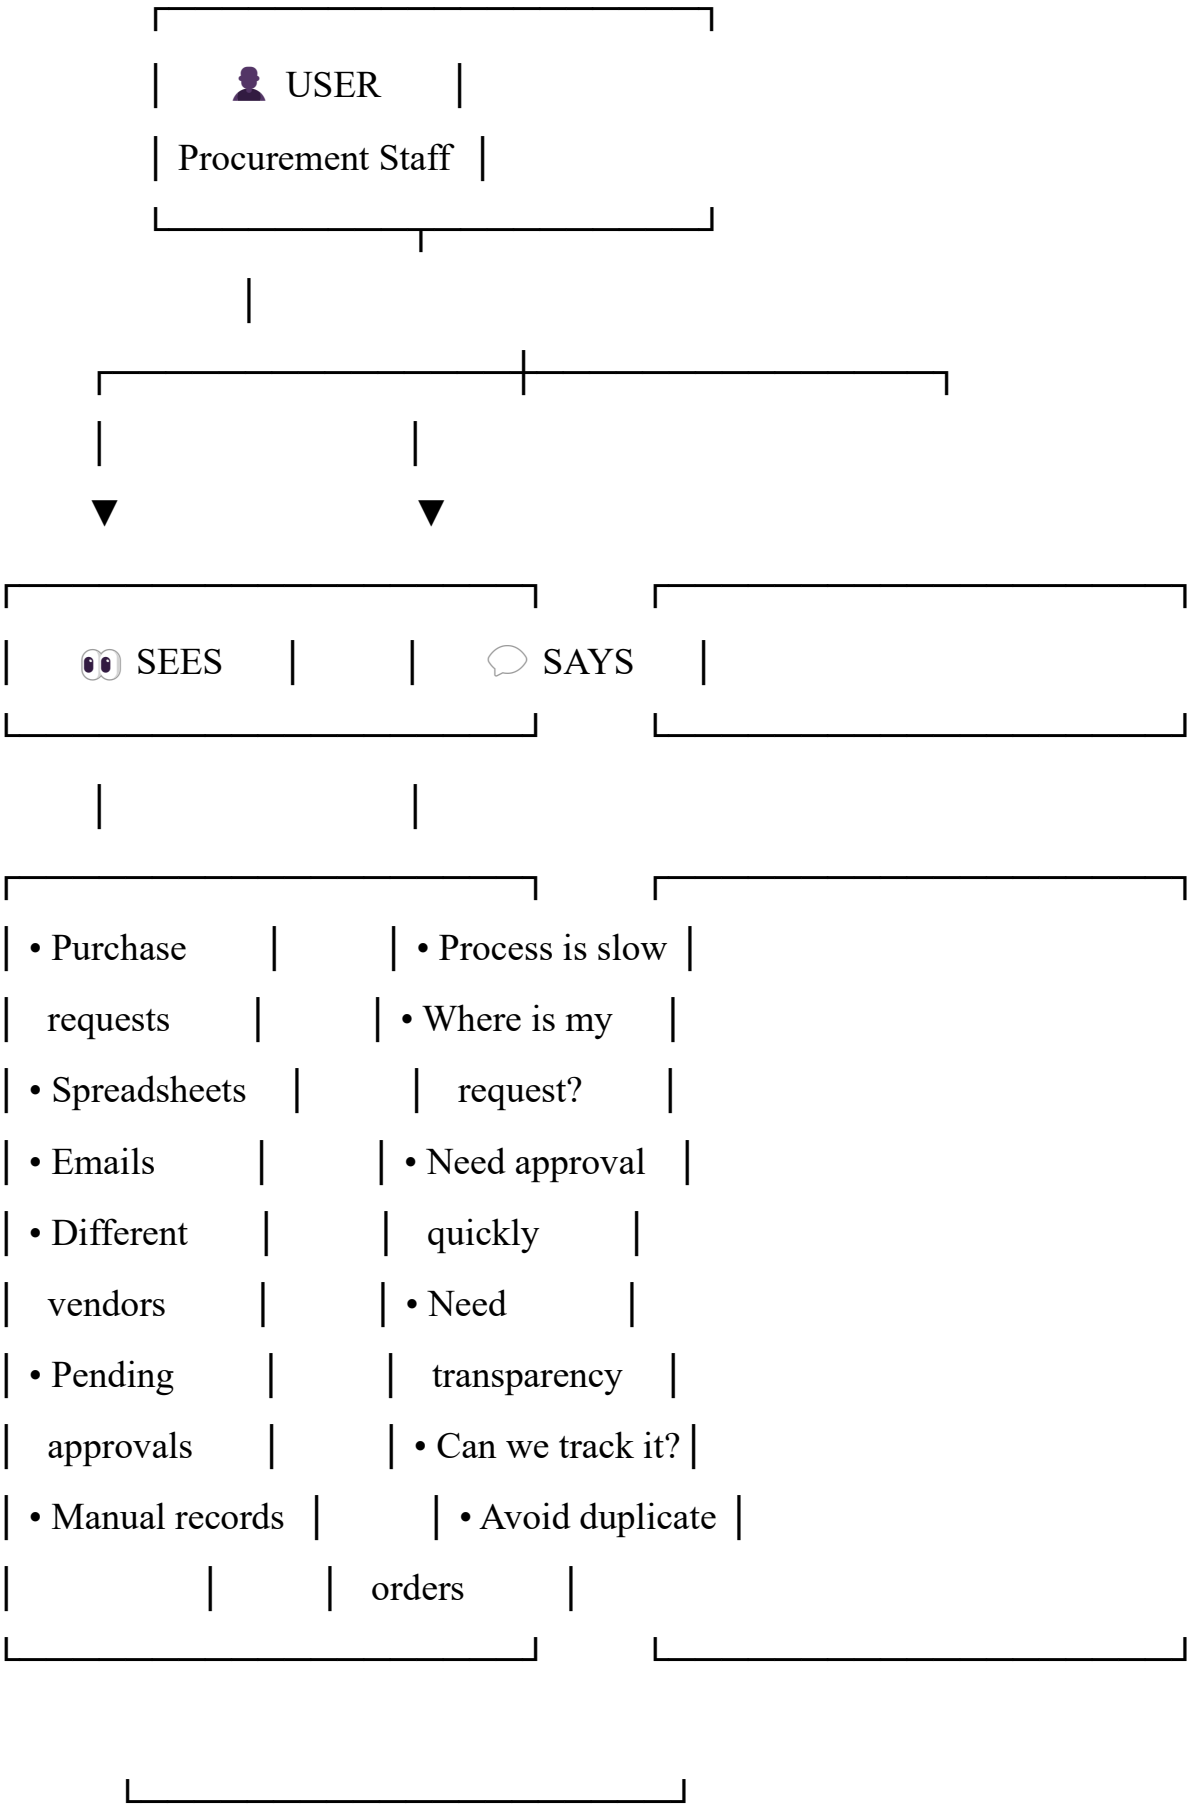

👤 USER / IT PROCUREMENT TEAM

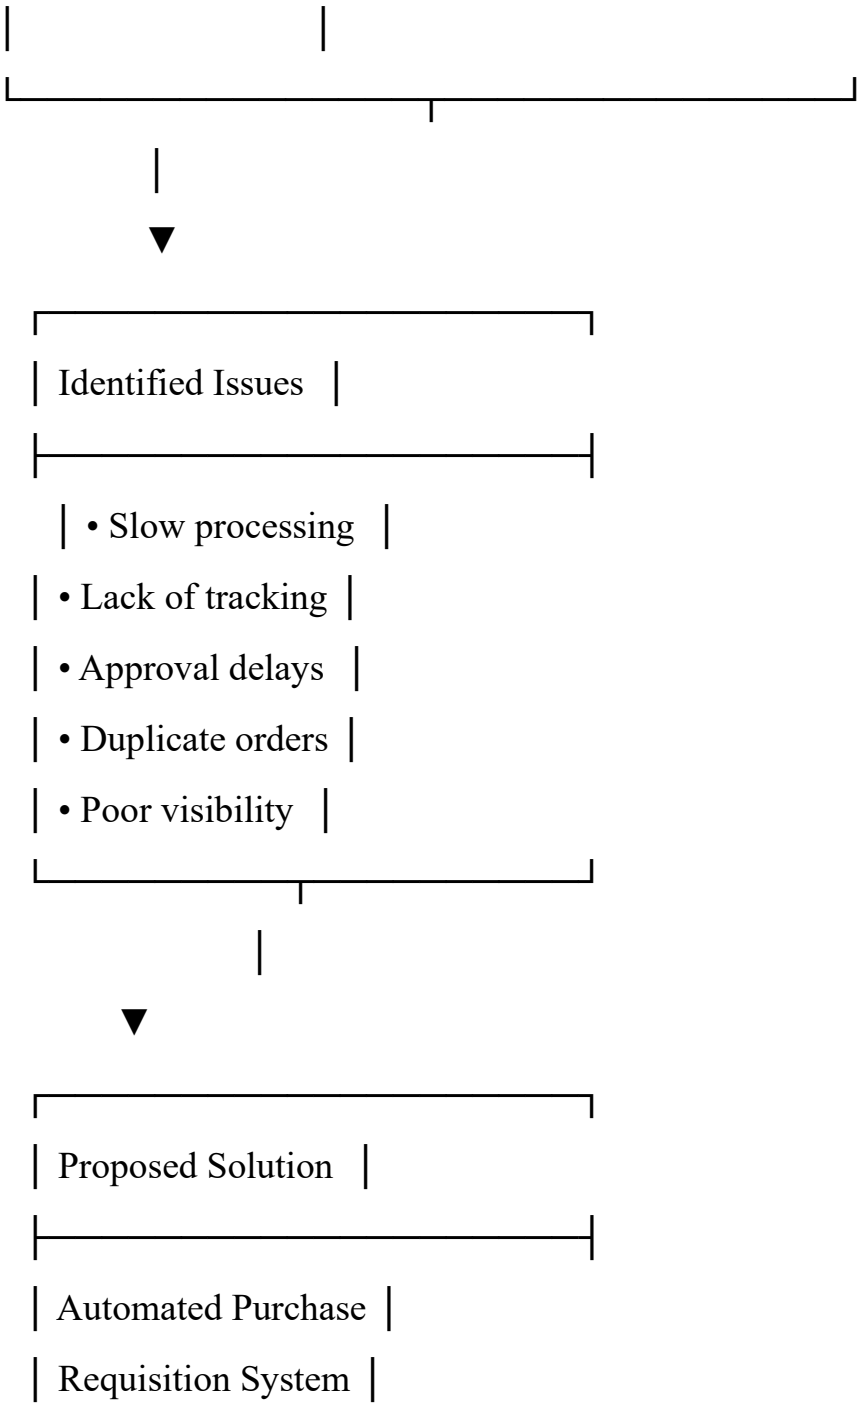

“I need a faster, simpler and transparent way to manage IT procurement.”

PROCUREMENT OFFICER

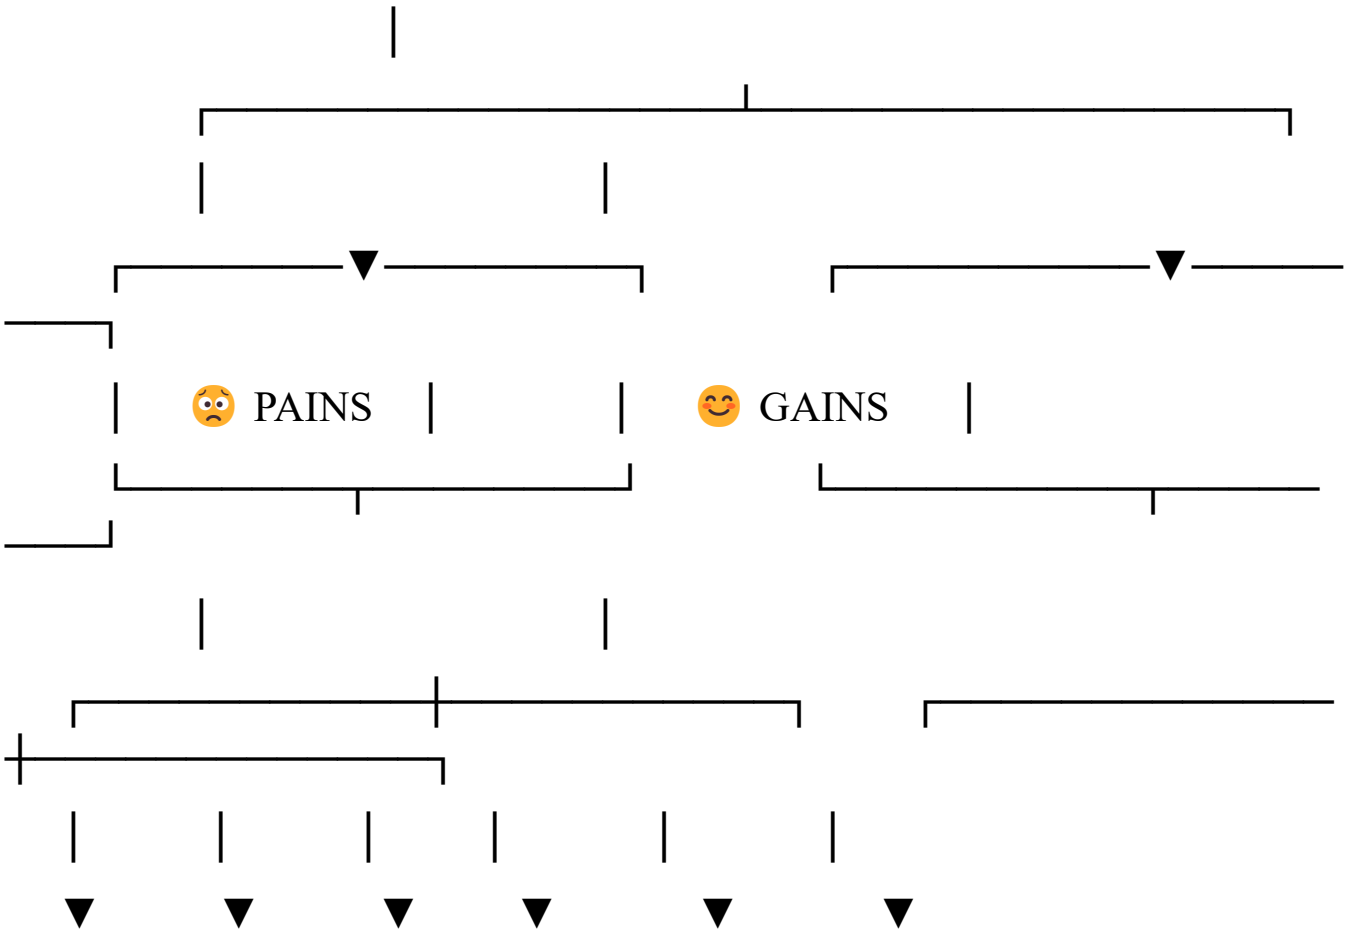

USER EMPATHY MAP

USER
Procurement Staff
SEES
SAYS
• Purchase requests
• Spreadsheets
• Emails
• Different vendors
• Pending approvals
• Manual records
• Process is slow
• Where is my request?
• Need approval quickly
• Need transparency
• Can we track it?
• Avoid duplicate orders

Identified Issues
• Slow processing
• Lack of tracking
• Approval delays
• Duplicate orders
• Poor visibility
Proposed Solution
Automated Purchase
Requisition System

PROCUREMENT MANAGEMENT SYSTEM

🎯 Main User Need

“The user needs a centralized IT procurement system that makes requesting, approving, tracking and purchasing IT products faster, easier and more transparent.”
